About

I am a Lead UI/UX & Product Designer

I design enterprise SaaS platforms and data-rich interfaces that turn complex business requirements into intuitive, scalable experiences. Over 7 years, I have worked with international clients across the US, Europe, and Australia, building Figma component libraries, design tokens, and design systems, and handing them off cleanly to developers. As a founding designer at Reliance IQ, I built the brand identity and product design foundations from day one.

Experience

Reliance IQ
Chicago, USA
Market IQ and Voice IQ

Lead UI/UX Designer • Apr 2025 – Aug 2026

- Founding design team member, establishing the brand identity and end-to-end product design foundations from day one.
- Led UI/UX design across Market IQ and Voice IQ, translating complex manufacturing workflows into intuitive, scalable SaaS experiences.
- Built reusable Figma component libraries, design systems, and product assets, working with developers to ensure consistent implementation and responsive experiences.

Black Lion Digital
New South Wales, Australia

Web & Graphic Designer • Jan 2024 – Apr 2025

- Designed responsive web interfaces, marketing visual assets, and UI components, from low-fidelity wireframes to full production.
- Worked closely with marketing and front-end development teams to deliver pixel-perfect implementation and brand consistency.

STI West Negros University
Bacolod City, Philippines

Faculty (Part-Time) • Sep 2023 – Jan 2024

- Taught undergraduate IT students Digital Graphics and Image Manipulation, building fundamental design principles and software mastery.

MARKT-PILOT GmbH
Esslingen, Germany

UX Designer • May 2023 – Nov 2023

- Translated enterprise product concepts into user-centered interface designs and interactive prototypes for complex industrial data workflows.
- Ran UX audits and user journey mapping to simplify complex platform features for global clients.

PH7Live
Chicago, USA

Lead NFT Designer & Assistant Corporate Designer • Feb 2022 – Apr 2023

- Led visual conceptualization and production for digital assets and brand identity systems.
- Supported corporate design operations across web layouts, brand collaterals, and digital platforms.

REBEL Internet B.V.
Amsterdam, Netherlands

Graphic Designer & Content Graphics Manager • Mar 2017 – Jan 2020

- Managed a multi-disciplinary graphic team producing visual assets for high-traffic comparison platforms, couponing sites, and web applications.
- Streamlined creative workflows and visual standards, speeding up asset delivery across multiple digital channels.
